The 8\textsuperscript{th} Annual Conference

of the European Political Science Association

21\textsuperscript{th} – 23\textsuperscript{th} June 2018

Vienna

\textbf{Venue: Schloss Schönbrunn, Vienna Austria}

Vienna is known for its high quality of life. In a 2005 study of 127 world cities, the Economist Intelligence Unit ranked the city first for the world's most liveable cities. For eight consecutive years (2009–2016), the human-resource-consulting firm Mercer ranked Vienna first in its annual \textit{Quality of Living} survey of hundreds of cities around the world. Vienne regularly ranks first as the world's number-one destination for international congresses and conventions. Vienna is the first conference location to which EPSA returns.

Schloss Schönbrunn was the summer residence of the royal family of Habsburg. The building, together with its gardens, is catalogued on the UNESCO’s world heritage list.

Political Science Research and Methods
THE JOURNAL OF THE EUROPEAN POLITICAL SCIENCE ASSOCIATION

Editor-in-Chief: Vera Troeger University of Warwick, UK

Political Science Research and Methods (PSRM) is a general political science journal dedicated to publishing original scholarly work of the highest quality from all subfields of political science.

PSRM seeks research that applies rigorous methods to empirical or theoretical problems and promotes a rigorous scientific approach to the study of politics. Work at the intersection of political science and related disciplines such as economics and sociology is also welcomed.
