## Mediapark Cologne

The MediaPark is a lively and architecturally unique location in Cologne's inner-city district. Its buildings, which have been awarded many different prizes for architecture and design, are arranged in a star pattern around a central square and the bordering lake, offering a convenient combination of living, working and leisure amenities. The open design of the expansive traffic-free zone and the variety of concerns and interests of the people who work, live or spend their leisure time here gives the MediaPark its special atmosphere and appeal, based on a combination of open communication, creativity and professional skill. Participants at events can make use of a wide range of cultural and leisure facilities in the MediaPark before and after their event: Exhibitions, cinemas, a bookshop, and a large number of cafés and restaurants offering al fresco dining can be found directly on the central square, with extensive green areas located behind the different buildings.

### How to get to Mediapark using public transport:

From **Cologne Central Station**, take lines 5, 16, 18 to Ebertplatz. Change to line 12 or 15 in the direction of Ringe. Get off at the Christophstrasse/ MediaPark stop.

There is a direct S-Bahn connection between the **Cologne-Bonn Airport and Hansaring**, with the S13.

### Giant slide on the playground at Mediapark

Behind the Mediapark, directly below the August Sander Park, lies one of the coolest playgrounds in Cologne. The highlight is undoubtedly the two giant slides, the starting point of which was specially built on a raised area to make the slide particularly long. Even some adults will suddenly feel like being a child again. There are also large climbing pyramids, a circular race track for scooters and the like, a small locomotive and other play equipment.
